Mind /Body/ Ultimate performance with NAD++

250mg-- \$350

500mg-- \$500

Nad drip if often referred as “Brain Restoration therapy”. Nicotinamide adenine dinucleotide (NAD+) is a coenzyme present in almost all cells in your body. Its main purpose is the fuel metabolic reactions associated with energy production. Lack of this essential cellular fuel is now recognized as a key feature of chronic fatigue, depressin, anxiety, alcohol and drug addiction. Muscle pain, memory disturbance, insomnia, lack of concentration etc. It is the BRAIN health essential coenzymes. Nad is one of the most important enzymes for longevity and lack of this enzymes leads to aging process . Benefits of Nad: increase Brain cells energy, stimulate production of dopamine, serotonin, noradrenaline there by improving moods. It is used in Drug addiction center to curb cravings. It can strengthen immune system , stimulate the nitric oxide production to improve blood flow.

Use: Chronic fatigue, depression, sleep disturbance, attention deficit, Craving for drugs, alcohol,

Nad can be combined with any of the above –
