

Conroe ISD CTE CyberPatriot AFA CyberCamp Application

Moorhead JH CyberPatriot Competition Coach Heather Clary
hclary@conroeisd.net 936-709-2400

Do you have an interest in cybersecurity and computers? Are you a beginner and would like to learn more about securing networks and hardening Operating Systems? AFA CyberCamps is the perfect first step towards learning more about cybersecurity! Many students that attend AFA CyberCamps go on to join a CyberPatriot National Defense Competition team during the school year. Get a head start on your STEM career and experience what makes CyberPatriot the best National Youth Cyber Education Program!

Camp attendees do not need to have any special skill set to participate in an AFA CyberCamp. Some very basic knowledge of computer hardware (knowing how to use a mouse, start a monitor, can identify Windows start button icon, etc.) is helpful but not necessary. A basic English reading level is essential as many individual and group labs and activities are written directives and students must work alone and with small groups to accomplish tasks. The most important skill to possess is the passion to learn and a positive attitude!
